# DEALT IN CHINESE.

## Lehman's Career Leads to Jail.

### Gigantic Conspiracy Broken Up by Capture of Frolic and Its Crew.

#### Fifteen Hundred Mongols in Last Two Years Were Illegally Landed.

#### Police Are Tracing Colby. Search for Fugitive Asians Made.

(BY DIRECT WIRE TO THE TIMES.)

BOSTON, Oct. 12.—[Exclusive Dispatch.] The arrest of Lehman brings to light a modern portrayal of Dr. Jekyll and Mr. Hyde. Known to his relatives and friends as a social lion, he was at the same time effecting the movements of the most dangerous smuggling expedition which has ever confronted the customs office.

Raschett pitcher, usher at the theater, salesman for a cracker firm, and now "king" of the Chinese smuggling syndicate are the various occupations of the prisoner, by his confession, together with the confession of other members of the Frolic crew.

The customs officials have learned that several successful expeditions have safely landed their human freight on the United States shores.

BOSTON, Oct. 12.—[Exclusive Dispatch.] It is estimated that within the last two years 1500 Chinamen have been brought into this country illegally, at a total cost of \$1,500,000.

Today it is said that there are 600 of them scattered along the Canadian border awaiting another Frolic adventure.

J. B. Lehman, a boy of 22, wearing much jewelry and having more than \$1000 in cash in his possession, was arrested today as he attempted to land from the Red Cross steamer Silvia at Halifax ahead of the regular passengers. He offered the men who took him into custody \$500 to let him go.

"After going the United States authorities," he said, "I hate to be locked up in a one-horse place like Halifax."

GIGANTIC CONSPIRACY BROKEN. As the result of the capture of the Frolic, upon which forty-two Chinamen were brought into this country from Newfoundland, and the arrest of Lehman, who is regarded as the chief of smugglers, the immigration authorities believe that they have broken up the gigantic conspiracy to land Mongolians in America by way of the sea.

## San Bernardino Is Enthusiastic.

### California's Next Governor Greeted by an Immense Gathering.

#### Refutes Calumnies of Men Who Make Fight Against Him by Slander.

#### George A. Knight's Address Shows Truth About the State Convention.

(BY DIRECT WIRE TO THE TIMES.)

AN BERNARDINO, Oct. 12.—[Exclusive Dispatch.] San Bernardino opened a political jackpot tonight. The Republicans were in it at the Broadway Theater with Gillett and Porter, and they were in it at the Broadway Theater with Gillett and Porter, and they were in it at the Broadway Theater with Gillett and Porter.

Notwithstanding the Pavilion attraction of the most dose troupe of candidates in captivity, caught especially for the Hearst show and imported at great expense, the Broadway was filled with citizens of San Bernardino county who were eager to get acquainted with the man who is to be their next Governor. They met him, saw a man and heard a frank, common-sense talk and they are his friends.

Edward Roberts presided at the meeting and started the enthusiasm with his short speech introducing Gillett, Porter and George Knight. Gillett makes pledge.

Gillett talked of Southern California's growth and needs and pledged himself to do all in his power to aid in putting through such enterprises as the Owens River project, which he advocated in Washington because of its vast importance to the Southland and therefore to California as a whole.

He talked of the railroad rate bill and made plain his attitude toward railway corporations. The railroad, he declared, should be under reasonable restraint. It would be a bad thing to let railways control the affairs of the country. It would be bad to turn the Governor of the State over to the S. P. Railroad abuses had been reached by legislation inspired by a Republican President who demanded of the railroads that they treat all the people fairly and alike and be honest with those who give them franchises.

DEMOCRATS ARE WRONG. He said that the President's rate bill, which he as a Congressman supported and helped to enact, compelled the railroads to cease giving rebates and special favors and to make fair rates and give the public a square deal. That was the record and the Democrats who were assailing him as a railroad tool were telling things contrary to the record. They seemed to have no issues, no policies, nothing to talk about. They were afraid to discuss any public question and all that was left to them was personal abuse.

"California," said Mr. Gillett, "owes much of its prosperity to the protection given to its industries by Republican policies. It is important to her that the tariff on citrus fruits and her other products be maintained.

The Republican candidates went

SAN DIEGO AWAITS HIM. BIG GILLETTE RALLY TONIGHT. (BY DIRECT WIRE TO THE TIMES.) SAN DIEGO, Oct. 12.—[Exclusive Dispatch.] This morning the work of putting up the big tent at Fifth and B street for the Republican rally tomorrow evening was commenced. It has seating capacity of 4000, but even this size, it is believed, will be none too large for the crowd that will be present to greet James N. Gillett, the Republican candidate for Governor.

In the hour before the time set for the beginning of the speaking, the City Guard Band will give a concert. During the evening music will also be furnished by the Elks' Quartette.

Mr. Gillett and his party will arrive on the coast train tomorrow. They will be met at the depot by F. W. Stearns, chairman of the Republican County Central Committee; L. A. Wright, Republican candidate for State Senator, and a number of other prominent Republicans.

The San Diego Aerie of Eagles will keep open house for Mr. Gillett, who is a member of Eureka Aerie. While in San Diego, Mr. Gillett will be the guest at a reception to be given by the Eagles. Members of the order in this city are looking forward with considerable pleasure to the visit of their distinguished brother.

The following were appointed on the Reception Committee, of which President F. W. Stearns is chairman: State Senator M. L. Ward, S. T. Black, of the Normal School; L. A. Wright, candidate for State Senator; T. L. Lewis and D. C. Collier. Secretary Ward will act as chairman of the evening rally. About 150 honorary vice-presidents have been appointed.

HIGHEST DUTY SHE DECLARES. MRS. C. P. HUNTINGTON PAYS ON VALUABLE MERCHANDISE. Two Articles of Jewelry Alone Worth Twenty-seven Thousand Dollars—Other Goods Add Five Thousand More—Customs Officers Collect About Twenty Thousand.

(BY DIRECT WIRE TO THE TIMES.) NEW YORK, Oct. 12.—[Exclusive Dispatch.] One of the largest amounts paid in customs duties at this port in articles fully declared and brought in by an individual was paid by Mrs. Collis P. Huntington when she arrived Tuesday, by the steamship Kaiser Wilhelm II of the North German Lloyd Line. She declared merchandise worth \$22,000 brought in Europe, of which \$27,000 represented two articles of jewelry. The duty amounted to about \$2,000.

Mrs. Huntington was met by friends, who told her, they had brought \$5000 to the pier with her. She instructed them to send for \$15,000 more. The money soon arrived in bills of large denomination, one being a \$10,000 gold note.

# MASON IS ACCUSED.

## New Light in the Wickes Case.

### Ex-Senator, Counsel for the Children, Censured by Attorney Scott.

#### Latter Says Attempt Was Made to Prejudice Minds of the Jurors.

#### Court Hears Charge Against Smith—No Confusion of Issues Allowed.

(BY DIRECT WIRE TO THE TIMES.)

CHICAGO, Oct. 12.—[Exclusive Dispatch.] It is probable that the verdict of the jury in the now celebrated Wickes case will not terminate the bitter fight between the contestants for the fortune of the late Thomas H. Wickes, but will be only a signal for a number of collateral actions, all growing out of the present trial.

Following the sensational charges of bribery made by Mrs. Wickes No. 2, and the threats of contempt proceedings against Eugene Smith, an employee of the Pullman Company, the other side today exploded a return bomb.

ACCUSES SENATOR MASON. This was in the form of an attack upon former Senator William E. Mason, counsel for the children of Wickes, by Attorney Scott, representing the executors of the estate.

That Mason had attempted to prejudice the minds of the jurors in the case by giving out certain facts for publication was the substance of Attorney Scott's address to Judge Honore, and it was intimated that contempt proceedings might be brought against the former Senator.

Such action will not be taken, however, until after the present case is decided. Neither will the charges against Smith be brought to an issue at once. Judge Honore, after hearing the charges against Smith outlined by Senator Mason and the reply of Attorney Scott, refused to take any action at this stage of the proceedings.

WILL NOT CONFUSE ISSUES. "These matters can come up after the present case is decided," said the court. "I do not wish to confuse the issues now before the jury."

After the argument of the lawyers of the threatened contempt proceedings and the testimony of several former friends of Wickes, the court adjourned until Tuesday.

# BUILDINGS FALL IN SOCORRO.

## SOCORRO (N. M.) Oct. 12.

### [Exclusive Dispatch.] An earthquake shock which lasted about ten minutes from the beginning of the tremors until they ceased was felt here about 2 o'clock this afternoon. Buildings were severely shaken. Frame ones withstood the shock, but adobe structures in several instances were leveled, the shock being the most severe since those experienced in July.

At Belen and Albuquerque, the same shock was felt, but it was not severe, and it is said no damage was done. There were no casualties here, but the severity of the shock has revived the panicky feeling among the people which the July shocks produced.

Geologists explain the recent shocks here by stating that the strata in the mountain range near the city is slipping. This assertion has prompted an investigation, but thus far no fissures have been discovered by the searchers.

# PARENTAL BLESSING SOUGHT BY FAIRBANKS.

(BY DIRECT WIRE TO THE TIMES.)

PITTSBURGH (Pa.) Oct. 12.—[Exclusive Dispatch.] Frederick Cole Fairbanks and his bride are in Pittsburgh. They returned from Steubenville, after they had been married Wednesday. The Scotts evidently knew of the young people's whereabouts, and have forgiven them. The twain will soon leave for Indianapolis to receive the parental blessing of the Vice-President. They are scheduled for a European trip.

Mrs. A. A. Garland, a sister of the bride, said that the parents of the couple objected to marriage because of their respective ages, but if they had known that they had been set free to marry, nothing would have been done to thwart their purpose.

SISTER HELPED THEM. Miss Mary Scott, a sister of the bride, helped the "eloping" along, and did not acquiesce her parents of the fact. Mr. Fairbanks had been visiting the Scott home as a guest. Miss Mary said he was going to Springfield, O., where he is in business, while his fiancée was going downtown to do some shopping.

They started off together in a carriage. The driver of the carriage was sent home by Miss Scott but nothing was thought of it. About 5 o'clock Mrs. Scott received a message from Steubenville from her daughter, to the effect that she had been married.

Young Fairbanks had quite an argument with the probate judge in Steubenville before he could secure a marriage license. One of the provisions of the Ohio law is that the bride must be a resident of the county one year before a license can be issued.

James Scott, father of the bride, is one of Andrew Carnegie's men, who made a fortune when Carnegie sold his interests to the United States Steel Corporation, and is superintendent of the Lucy Furnaces. He lives in a section named Lawrenceville, in which dwell people who knew Vice-President Fairbanks when he was a Pittsburgher.

## CUBAS FATE RESTS IN FAIR ELECTION.

Gov. Taft Tells Committee Headed by Zayas That Islanders Themselves Can Hasten the Return of Autonomy if so Disposed.

(BY THE ASSOCIATED PRESS—P.M.)

HAVANA, Oct. 12.—The United States, through its peace commissioner, is not ready to announce when it will withdraw from the island of Cuba and surrender the reins of government to Cuba, but this action cannot be taken until fair elections are assured.

This statement was made by Gov. Taft, today, as a sort of valedictory address to the revolutionists' committee with which the American commissioners dealt in inducing the rebels to cease hostilities and negotiate peace.

The committee had a conference last night with Gov. Taft, Assistant Secretary of State Bacon, Gov. Macgoon, who is to succeed Mr. Taft as provisional Governor, and at its conclusion expressed satisfaction with the position taken by the provisional government.

**ASKED ABOUT POLICY.**  
Headed by Alfred Zayas, the committee visited Gov. Taft for the avowed purpose of requiring him to declare the policy of the United States toward Cuba and the policy of the provisional Governor concerning appointments to public office.

The Americans listened carefully to all the representations of the committee, and then Gov. Taft replied pointedly that he could not outline the policy of the United States more clearly than was done in his proclamation establishing a provisional government for the island. He added, that, as the representative of the United States, he was just as anxious to surrender governmental affairs to them as the Cubans were to regain them, but that the peace commissioners were under responsibility to build up conditions which would make the Cuban government a stable one.

**CAN HASTEN THE TIME.**  
Gov. Taft would not predict when such a satisfactory condition would be reached, but said the Cubans themselves could hasten that time if they were disposed to do so. A fair and honest election on the basis of which the Cuban people were willing to abide, Gov. Taft declared, was necessary before the United States would feel justified in withdrawing from the island. Señor Carlos García and José Miguel Gómez hastened to assure Gov. Taft that it was not their personal ambition to obtain public office. They declared, however, that the interests of their party demanded that the government should not continue in the form against which they had revolted. Assurance was given the committee by Mr. Taft that Mr. Macgoon would consider complaints against any officials, investigate them and remove causes for positions of inability or trust, but that capable men with good records would be obtained. The committee informed Gov. Taft that they intended to dissolve at once.

**ADDRESS FROM AMERICANS.**  
This evening, a committee representing many Americans presented to Gov. Taft and Bacon a laudatory address expressing appreciation of the great services they had done for all

residents of the island in their arduous settlement of a turbulent condition without invitation.

**DISARMED AND DISBANDED.**  
The disarmament commissioners sent to Santa Clara province, Hernandez and Montecarlo, have returned here and report to Gov. Taft that they have disarmed and disbanded all the forces in that province. More than 8000 rifles have been disbanded and 1000 rifles surrendered to the provisional government and have been brought to Havana.

Reports of trouble in various places are pouring in, but Gov. Taft says that investigation always shows them to be not serious.

## ISLE OF PINES SACRED TRUST.

CUBA'S INTERESTS TO BE PRESERVED INTACT.

**Formal Statement by Secretary Taft Declares It Absolutely Impossible for the Provisional Government to Recognize Other Jurisdiction Over That Territory.**

(BY THE ASSOCIATED PRESS—A.M.)

HAVANA, Oct. 12.—Secretary Taft today received President Stark of the Isle of Pines Association and informed him positively that the provisional government could not consider any movement in the direction of any separation of the island from Cuban sovereignty. Mr. Taft added that the matter of the internal government of the island had been referred to Mr. Macgoon, who succeeds Mr. Taft.

In a formal statement, Mr. Taft declared that "it is absolutely impossible for the provisional government of Cuba to recognize for a moment that the Isle of Pines is not completely under the jurisdiction of the provisional government as part of the republic of Cuba."

The statement further says: "While the fact that the majority of the residents of the Isle of Pines are Americans may call for exceptional provisions respecting provincial and municipal government, any of the three bases mentioned in the Isle of Pines Association's communication involving the separation of the island is wholly inadmissible, as it would be a violation of the trust imposed upon the provisional government to preserve the interests of Cuba intact during the insurrection of the government. Taft has ordered one officer and twenty-five marines to the Isle of Pines, explaining that he does not anticipate any trouble there, but that the marines are sent to promote a feeling of security."

## UNBOWING ACTION SPOLS DEVELOPMENT.

(BY THE ASSOCIATED PRESS—A.M.)

NEW YORK, Oct. 12.—For the first time since the announcement of the failure, Juan M. Ceballos, senior member of the firm of J. M. Ceballos & Co., broke his silence regarding Silveira and the failure. Of Silveira, he said: "All he was in the world I made him. I trusted him, and he betrayed my confidence. Ceballos denied the statement claiming that his firm had bought warrants for claims in the last Cuban war for from 5 to 10 cents on the dollar. He said all he had done was to purchase from Silveira had paid \$5, \$5 and 50 cents on the dollar for."

Ceballos gave it as his opinion that Silveira was a Venetian, or on his way to that country. The first intimation of the trouble which led to an investigation and the subsequent announcement of Ceballos came through a letter which Silveira wrote to a friend in the Cuban capital, according to information given out here today.

It is said Silveira left the letter with friends of his in Havana, saying frankly that he did not intend to come to New York. This letter was not made public until October 11, five days after Silveira and his family had sailed from Havana on the steamer Carmelina.

It was two days later, it is said, when a cablegram containing the news came from Havana to the office of the Ceballos attorney here, and another day elapsed before the cablegram was translated. In New York the news was closely guarded until after the Stock Exchange had closed, and then the announcement was made in a formal statement.

**CLOSE FRIEND OF CASTRO.**  
It is stated here that Silveira is a close friend of President Castro of Venezuela, and from this it is argued that he will not put into a Venezuelan port and use the friendship of Castro as a protection against arrest.

Inquiry among the most important houses connected with Cuban affairs failed to discover any disposition to regard the failure as indicative of any general commercial or financial weakness in the island. The most general idea expressed was that the firm had itself become overextended as a result of a participation in new enterprises beyond the capacity of its own capital. These investments had been quite large in Cuba and the recent revolutionary developments there had been too great a strain.

So far as the defalcation of Silveira was concerned, it seems that the intervention of the United States government had upset some very ambitious plans in that direction. What these plans were is not known, but they were supposed to be connected with the success of the revolutionists.

**SAYS THEY SPECULATED.**  
The exact means employed by Silveira in obtaining the amount of money which, it is said, he embezzled, has been covered up by Attorney William Nelson Cromwell. Ceballos & Co. was one of several local concerns which speculated heavily in the war warrants of the Cuban revolutionary soldiers. These warrants were issued by a commission in different parts of the island to the men who had fought in the revolution, and were

freely distributed by their holders about four years ago. Because of the delay in the government negotiations for a loan, these warrants were sold at a discount from 50 to 100 per cent. of their face value. Ceballos & Co. bought up about \$2,000,000 of this amount, \$1,000,000 worth of the paper was sent to Silveira for collection, while the balance was deposited with the Cuban department in Havana. A loan was finally arranged through Speyer & Co., and payment on the warrants was made.

While no statement of the condition of the affairs of the firm will be ready for some days, it is understood that a number of banking houses in New York have been approached by Ceballos's paper, most of it well secured by collateral. In the banking community there is sympathy expressed for the members of the suspended firm. They are criticized occasionally for embarking in too many ventures, and for being too impulsive in the development of Cuba, but it appears to be granted everywhere that their ability would have been sufficient, but for Silveira's untoward action.

**"LITTLE BIT OF A MAN."**  
According to Frederick Upham Adams, a magazine writer who has been with Silveira in Cuba, Silveira is a little bit of a man, not five feet tall, and weighs less than ninety pounds. His wife weighs over 200 pounds. Silveira lived well, but not above his means. His office was the finest in Havana, and he was celebrated for the originality and good taste of his entertainments.

Ten years ago, according to Adams, Silveira was a clerk in a Havana bank. He became associated with Ceballos shortly after Cuba gained her independence.

**HAS NOT YET TOUCHED.**  
NEW YORK, Oct. 12.—Cromwell, counsel for Ceballos & Co., stated today that cable advice received during the day indicated that Silveira had not yet touched at any port in the United States or South America.

**MINOR CONCERN IN TROUBLE.**  
PETITION IN BANKRUPTCY.

NEW YORK, Oct. 12.—[Exclusive Dispatch.] The bankruptcy court today received petitions for the liquidation of J. M. Ceballos & Co. in which J. M. Ceballos was interested to feel the results of the failure was the Seville Packing Company, which filed a petition in bankruptcy. The company imports and bottles olives and olive oil, and apparently was doing a large and profitable business in Franklin street.

John S. Plake of the Ceballos firm is the vice-president of the company, and Anderson H. Wilson, also one of the Ceballos firm, is treasurer. Juan M. Ceballos is regarded in the trade as being the largest shareholder. Judge Hough appointed Harlan F. Stone receiver. Benjamin F. Bogart, secretary of the corporation, declared that the business had been conducted since 1920 and its annual sales were between \$300,000 and \$400,000. It was declared that the liabilities were less than \$200,000, and that the assets were \$400,000.

Twenty White Men Charged With Rioting in Atlanta—Holding of Sixty Negroes.

(BY THE ASSOCIATED PRESS—P.M.)  
ATLANTA (Ga.) Oct. 12.—The Fulton county grand jury today returned indictments against twenty white men charged with rioting in Atlanta September 22. Previously two white men had been indicted on the same charge, and indictments were found against sixty negroes charging them with complicity in the murder of County Policeman Heard, September 24.

## LABOR.

### STRIKE IS NOT CONTEMPLATED.

(BY THE ASSOCIATED PRESS—P.M.)  
CLEVELAND (O.) Oct. 12.—P. H. Morrissey, grand master workman of the Brotherhood of Railroad Trainmen, in discussing today published reports from Chicago that a strike of switchmen from the Pacific Coast to Boston and New York City, said: "In my opinion this talk of strike is very improbable. The Brotherhood of Railroad Trainmen represents a large majority of the switchmen in Cleveland, St. Louis, Kansas City and other large switching centers, and these men will not recognize a strike call from the Switchmen's Union."

The switchmen affiliated with the Trainmen's Brotherhood know that they have a capable organization and will attend to their affairs in the same deliberate, businesslike way they have always done. They will not permit the Brotherhood of Railroad Trainmen in its membership 2000 switchmen. I believe the Switchmen's Union has but one-fourth of that number."

"Switchmen are entitled to more pay per hour and shorter working days, and I believe they will get them. The Brotherhood of Railroad Trainmen has had this proposition for more pay and shorter hours for the switchmen under consideration for some time, and it is going through the usual methodical channels."

**ARBITRATE STRIKE.**  
MILL HANDS RESUME WORK.

(BY THE ASSOCIATED PRESS—A.M.)  
SAN FRANCISCO, Oct. 12.—The mill men who are on strike to the number of about 1200 will return to work within a few days and the differences leading to the strike and lockout will be settled by arbitration. That is the decision reached by the Building Trades Council at the meeting held last evening.

**MACHINISTS STILL OUT.**  
MEN WILL VOTE ON OFFER.

(BY THE ASSOCIATED PRESS—A.M.)  
NEW YORK, Oct. 12.—President James O. Connell of the International Machinists' Association said today, with regard to the dispute between the Southern Railway Company and its machinists, who went on strike that he had not ordered the men back to work, pending a settlement of their grievances. He said that a certain proposition had been submitted to the men to be voted upon, and that upon this he would decide whether or not the men would go back.

**SAYS STRIKE IS ENDED.**  
(BY THE ASSOCIATED PRESS—A.M.)

KNOXVILLE (Tenn.) Oct. 12.—Local Southern Railway machinists and helpers went back to work today after receiving orders today to return to work tomorrow. They say they secured full concessions demanded, an increase of 10 cents per day.

**RAILROADS RAISE PAY.**  
FREIGHT HANDLERS BENEFIT.

(BY THE ASSOCIATED PRESS—P.M.)  
PORTLAND (Or.) Oct. 12.—Freight handlers in this city have been granted an increase amounting to about 10 cents a day. The new schedule will affect truckers, callers, carmen and checkers, and will be effective by the Oregon Railroad and Navigation Company, the Southern Pacific and the Northern Pacific companies.

**FINAL GOLF GAME.**  
Mary B. Adams and Harriet S. Curtis Will Fight It Out for the Championship.

(BY THE ASSOCIATED PRESS—P.M.)  
WEST NEWTON (Mass.) Oct. 12.—Two well-fought matches at the Braeburn Country Club today landed Miss Mary B. Adams of the Woburn Golf Club of Boston, and Miss Harriet S. Curtis of the Essex Country Club, Manchester, Mass., in the finals of the women's national golf championship.

These two players, both of whom are residents of Boston, will play an 18-hole contest tomorrow for the title and also to see which of the prisoners they represent shall have the custody for the coming year of the beautiful trophy presented some years ago by Robert Coe of Boston.

Of the two matches in the semi-finals today that between Miss Adams and Miss Curtis was the most exciting. Miss Adams won in the seventh green, 2 up, 1 in play.

Miss Curtis was never headed in her contest with Miss Anita Phillips of Springfield, Mass., although the latter came within one hole of winning. The last Miss Curtis won also on the seventeenth green, 1 up, 3 in play.

**INDICTMENT NOLLE PROSSED.**  
HELENA (Ark.) Oct. 12.—The trial of Thomas H. Musgrave on the charge of enticing two white girls from St. Louis and holding them in bondage, was brought to a sudden stop today by counsel for the defense entering a motion that the indictment against Musgrave be nolle prossed, and the case be submitted to the Federal grand jury now in session here. It is stated officially that this motion was based on an alleged flaw in the indictment. The trial was temporarily postponed and the case taken up by the Federal grand jury.

**SUSPECTS HELD.**  
SAN FRANCISCO, Oct. 12.—A double capture, believed to be of more than usual importance in the work of clearing the city of footpads, was made today by "detectives" who found evidence of such a character that the two men were at first booked under assumed names.

The men in custody are Goldie Hobart and John Miranda, and there is reason to believe that the police are endeavoring to connect the prisoners with one of the recent robberies of a more daring character where a considerable sum of money was obtained.

**FIRE DESTROYS COTTON.**  
LEXINGTON (Ky.) Oct. 12.—Fire tonight destroyed the cotton compress here containing 1500 bales of cotton. Loss \$50,000.

**DEATH NOTICE.**

## WHOLESALE SLAVERY IN FLORIDA'S WILDS.

Sensational Charges Stir National Government to Action—Complaint Filed that Hundreds of Negroes and White Men Are Held in Bondage.

(BY DIRECT WIRE TO THE TIMES.)

WASHINGTON, Oct. 12.—[Exclusive Dispatch.] Sensational allegations of the existence of slavery in Southern Florida have been made to the President and the Department of Justice and a determination will be reached as to whether the department will send a special agent to that section to aid Joseph N. Stripling, United States Attorney of the southern district of the State, in ferreting out the facts and bringing prosecutions in the Federal courts under the peonage statutes.

The United States Attorney has not the force of men nor the money to place detectives in the wild portion of Florida, below Tampa, to run down the people living in the vicinity of the peonage statutes. It is further declared that the men responsible for this condition are not southern, but mostly northern men, and companies engaged in the tur-

pentine and lumber business and mining of phosphate rock.

**SHERIFFS CONNIVE.**  
The real southerner is said to be opposed to anything of the kind, and to be desirous of having his section freed from the accusation of again countenancing slavery.

Sheriffs of many of the counties in the southern part of the State are said to be parties to the enslaving of negroes in the phosphate mines, turpentine woods, lumber mills, etc., but the vast majority of negroes who are kept in prison barracks and not allowed to leave are from Georgia and other States, and have been sent into Florida and put to work in such a way that they must remain there for indefinite periods, swayed by brutal bosses armed with rifles ready to use them without hesitancy.

It is stated that people who live in sparsely populated sections are afraid to give information against the offenders. As a result, most of the people living in the vicinity of the works know little about what is going on inside the barracks, and are not allowed communication with those working under direction of guards.

It is considered one of the most efficient juvenile bands in the State. Superintendent Greely will be accompanied by five lieutenants, who will assist him to keep the boys in line.

## STATE INTERESTS OF STANDARD.

(BY THE ASSOCIATED PRESS.—A.M.)

FINDLAY (O.) Oct. 12.—After a two hours' session, today, the trial of the Standard Oil Company of Ohio, charged with conspiracy against trade, was adjourned until Monday. The adjournment was agreed upon between counsel, in respect to the memory of former Judge Burkett, whose funeral took place here this afternoon.

The proceedings today consisted of the taking of the testimony of three witnesses summoned by the prosecution. By evidence of the County Recorder, title was established in the Standard to a certain lot in the city of Findlay, on which is located the local distributing station for the local retail trade.

Oil Inspector Shaffer testified that the oil sold at retail in this locality was obtained from the Standard Refining Company, at Lima. At Upper Sandusky, also in his inspection territory, he received oil from the Standard Refinery at Cleveland.

J. H. Scott, local agent of the Jacob Sep Purchasing Agency, occupied the greater part of the session, showing the method of purchasing crude oil from producers. He said that the oil was purchased and paid for by the Sep's checks was transferred to the order of P. S. Trainor of Oil City, Pa.

County Recorder Bloom of Hancock county was placed on the stand. Bloom identified the deed record of the county from which Prosecutor David read to the jury records of certain deeds transferring land to the Standard Oil Company of Ohio.

B. C. Shaffer, deputy oil inspector, the next witness for the State, described the manner of testing oil. At Upper Sandusky, the witness said, the Standard received its oil for retail from the Standard Refinery at Cleveland. On cross-examination by the defense, Shaffer said his territory as inspector covered several surrounding counties, and that he inspected the oils of all companies.

Both men had wandered several days through the woods without food or shelter and were in such a bad condition that they did not resist the officers. The capture was made by Deputies Gerts and Villeneuve.

Mrs. Jefferson Davis was reported to be somewhat improved yesterday, according to a New York dispatch.

For years we refused to sell clothing, although every manufacturer of note offered us inducements.

We wouldn't, because we never felt as though the Silverwood guarantee would fit clothing as it was manufactured.

The advent of "Ready-and-Right" suits changed our viewpoint. Here was a clothing that would more than fulfill all demands. It even went ahead of our highest ideals.

We were selfish enough to buy the exclusive rights in California to sell "Ready-and-Right" at the Silverwood Stores.

HONOLULU, Oct. 12.—The Oceanic Steamship Company's steamer, Sonoma, was here yesterday morning from Australia, has not yet arrived.

The rebellion against Turkish rule in the province of Yunnan shows no signs of abating, and whenever a pitched battle is fought the rebellious Arabs seem to be victorious over the unwilling Turkish conscripts sent to subdue them. Some fighting has occurred in the district of Asar between the rebels and the troops of the British Consul, in which the Turks were routed with the loss of 100 men killed and sixty wounded.

**FITCH CONVERTED.**

C. F. Alnsworth, joint-Senate candidate for Delegate to Congress, began his campaign in Yuma last week, accompanied by A. Morale, a well-known Mexican leader in Northern Arizona, assisted by Thomas Fitch, the well-known orator, who suddenly been converted to the joint cause of the Mexicans since arriving in Arizona.

**DEPARTED OVER BORDER.**

Bruno Trevino, Carlos Humberto Navarro Villares, Juan Garcia, Antonio Rubio and Joaquin Puentes have been deported from the United States, deported as alien immigrants. This official action, however, merely means that these Mexican revolutionaries are being sent back to their country of their birth and to such treatment as Mexican courts and Mexican justice may inflict upon them. The revolutionaries are the so-called revolutionists created by the Mexican authorities at several points in the United States. They have all held in the United States, awaiting trial for riot; one of those deported is supposed to have been shot. Those just deported were taken to the border line by Capt. Webb of the Immigration Service, by a patrol of soldiers, and were turned over to the hands of the Mexicans striding the line, and begged pitifully for release. They were being taken to the hands of their countrymen. A strong force of Mexican rurales was waiting there and the men were being taken there. They were taken across the unmarked international line, trod on the spot and hurried off to the hands of their countrymen. They excited and in the struggle one then made frantic efforts to hand Capt. Webb, very much to the

The Arizona Methodist Conference has just closed in Tucson. Bishop David H. Moore of Portland, Or., presided over the annual conference and to the more important points in the Territory is the same as that of last year. A feature of the conference was the Sunday morning meeting was the dedication of the new Methodist Episcopal church in this city. At the same time the church was paying off the debt of \$4000 remaining upon the new structure. The church was erected at a cost of \$10,000. Forepaugh circus in this city, Miss Maude Hayward, one of the performers, was thrown from the high wire and seriously injured, blood gushing from her mouth as she was borne from the ring. The woman's real name is unknown.

In the baseball tournament at Globe, the Los Angeles team tied Henderson of the San Francisco team in four games and losing two, thus dividing \$1500 in prizes. The El Paso and Tucson teams secured \$250 between them. The San Francisco series, Globe shut out Los Angeles with a score of 3 to 0. The same day the Hendersons defeated the El Paso, which won by a fortunate bunching of hits, and later, in an extremely poor game, Los Angeles beat Henderson by a score of 10 to 0.

IMPROVEMENTS IN VALLEY.  
PHOENIX CORRESPONDENCE OF THE TIMES.)

PHOENIX (Ariz.) Oct. 11.—Favored  
exceptionally low water for this  
season of the year, the contractors  
of Roosevelt dam have laid several  
bars of rock across the entire width  
of the Salt River Cañon and now are  
striking with all dispatch to bring the  
fill up to the stream level before a  
flood shall descend upon them. An  
enormous amount of work will be nec-  
essary, however, before the entire  
indication of the enormous structure  
completes. When it is done, practi-  
cally all difficulties will be passed  
and the balance of the work will be  
comparatively simple character.

Most of the work of the engineers  
the Reclamation Service at Roose-  
velt dam now is to have the office  
be moved to Phoenix, where head-  
quarters will be established by L. C.  
engineer in charge of both the  
Huntington and Yuma projects. One of  
the last of the preliminary works to  
be completed will be the dam of the  
river canal, and the events of the  
Roosevelt dam, now nearly done, it

### A GREAT DIVERSION DAM.

Henceforth the greater part of the  
water of the Redondo Dam Service me-  
chanical will be the Salt River Valley, which  
Phoenix. The most important work  
will be the building of the great div-  
ersion dam, whence water will be sup-  
plied to the canal on both sides of the  
river. It will be about 1000 feet in  
length, built of concrete, firmly placed  
upon bedrock, with the exception of a  
short distance, where a deep, though  
narrow, crevice has been found. Plans  
for the structure are complete and  
work upon it is beginning already.

Following the plan adopted above,  
the approach first will be built  
to the center to be set when the  
water of water factors. Power to be  
secured from the Pacific Gas and Elec-  
trical Company of Phoenix, from which  
the electrical energy is to be trans-  
mitted a distance of about twenty-five  
miles over the wires that were used  
for the purpose of the canal. The

of the valley. The Tempe Canal Co  
which refused to enter into the  
cost of the Tonfo Canal project

A couple of years ago, the great  
number of the farmers supplied from  
the Grand canal broke loose from the  
control of the Tonfo Canal service, and  
formed the Appropriators' Canal Com  
pany, utilizing the abandoned Grand  
canal heading and paralleling the  
Tonfo Canal for a greater part of  
length. The ditch served its purpose  
of saving crops for a couple of seasons  
but, now that the Grand canal is pass  
ing into the hands of the government  
at the end of its term of usefulness as  
a waterway for the Tonfo Canal, to

- 1 Carload of Mason & Hamlin Pianos
- 2 Carloads of Ludwig Pianos
- 2 Carloads of Price & Teeple Pianos
- 1 Carload of Packard Pianos

Our sale on some of our lines has been so great and our salesmen have made so many promises that we have been obliged to open up seven more cars of stock. And in order to accommodate a large number of people who claimed that they could not get in earlier, we have decided to continue special prices a while longer. During the next few days the public will have access to the most beautiful stock of Knabe, Mason & Hamlin, Ludwig, Packard and Price & Teeple pianos that we have ever looked upon—all just out of the cases and glistening with newness, including a full carload of new Grands. We have been compelled to break our rules by allowing several customers to make contract for pianos at special sale prices that we did not have in stock, we can now deliver these if the purchasers will call and make their selections. Remember these new goods will be sold at sale prices while they last. 100 new pianos that shine like diamonds. A magnificent display.

**Black Eyes Not Avenged.**

Charles Christ, an electrician, was a suppliant to Justice Austin's court, desiring vengeance against a contractor named Gruber, who, he said, had unrighteously thrashed him. The testimony showed that Gruber became angry at the contractor, and pulling off his coat, dared him to fight. Gruber didn't want to fight, and Christ offered to bet him \$10 he wouldn't dare fight him. Gruber wouldn't take the bet, and tried to get away. Christ followed him and just made him fight. To his own astonishment he got two wonderful black eyes. Whereupon he began to howl for the police to avenge him against the contractor. The case was dismissed.

**Gypsy Forfeits Bail.**

The tough gypsies appear to have decamped the town. Baldodu Hirmiste, who was arrested for stealing money from dupes, whose palms she read, forfeited her bail yesterday rather than appear for trial before Justice Austin. She had \$50 cash deposited on each of two charges. When reading palms she would demand that her palm should be crossed with silver, and then coolly stick the coin in her pocket whatever it was.

**BRAZIL ACTS FOR PORTUGAL.**

Remarkable Diplomatic Courtesy Marks End of Friction Over Don Pedro.

(BY THE ASSOCIATED PRESS—A.M.)

WASHINGTON, Oct. 12.—Viscount De Alva, the Portuguese Minister, will leave Washington on October 14, for Portugal, where he will remain on leave of absence for several weeks. In his absence Senhor Amalral, the Brazilian Charge d'Affaires, will look after the interest of the Portuguese in the United States.

This is a remarkable act of courtesy as the relations of Portugal and Brazil have been strained since Don Pedro was deposed in the southern republic.

## Evils Resulting From Constipation

How This Trouble May Be Readily Corrected

You are drowsy, heavy, foggy, lack energy—every condition is an effort—your face is not clear and it is hard to think, you have a full and congested feeling in your stomach and bowels—all your humors and body ache—in fact, life seems hardly worth living under such conditions. Ask yourself, "Why do I feel so?" Your answer will be "NO!" that is the cause of your troubles. If not properly corrected this condition will lead to much more serious disorders of the blood and the bowels due to the poisons in the waste matter which should be promptly carried off. There is no doubt to be made when Nature has provided her own wholesome and certain way in the form of mineral laxative water—HUNTER'S LAXATIVE—found in the springs in Hungary. One-half a tumbler of this wonderful water drunk on arising in the morning (slightly warmed for best results) will give you within an hour a delightfully pleasant and copious movement. This will clear your head, sharpen your appetite and make a new man of you.

**Velvety REASONS**  
Why our Ice Cream is so delicious—we know how to make it. We know everything that up-to-date confectioners need know. Doubtless there are others that know just as much. But we have what cannot be learned from text books—"Experience." This, combined with quality, is what makes our Ice Cream distinctive.

# MUSIC AND THE STAGE.

The new leader of the Ellery Band will be George Scaccia, modeled after the director from an Italian university, and all in all—quite the most renowned person who has yet stood at the desk of this splendid but off-beat band. In the past Mr. Ellery has made his own material, some of which has been published in the most prominent of the musical journals, and he has without exception, as the Ellery band, with Domenico Scaccia, and a dozen other musicians, is supposed to have arrived in Los Angeles yesterday afternoon, although up to a late hour last night the Times music editor had not received in his office any of them.

Meanwhile, the musical row at Venice, which this paper forecasted a month ago, has run to a crisis, and the Ellery band is now merely a musical gentleman. Melodic chaos exists in the Ellery band at present.

George Scaccia, who is the leader of the Ellery band, is a man of magnetic personality, and he has undertaken his work with a splendid enthusiasm.

The Ellery band has been set up temporarily, and director and musicians will move forward to their appearance upon a more permanent basis.

Mr. Scaccia has 200 voices of the Apollo Club in rehearsal now at Bessie Hall, Auditorium Building, preparing for the Christmas offering of the Ellery band.

To keep what the public wants and is always has been our aim and is one of the very chief reasons of our phenomenal success. Furthermore, every pair of corsets is fitted by an expert corsetiere. No matter how nice a dress you may have its real appearance is made or marred by the fit of the corset. No two women are built just alike, yet we say to you candidly that we have a model for every figure. There is no such thing as disappointment when you purchase your corset at Hamburger's. The prices of the "Royal Regent" range from \$1.00 to \$5.00; the prices of the "La Vida" corsets from \$4.00 to \$15.00; but the style in each is absolutely correct; the difference in price results from the quality of the material in the corset itself. Before you try on a new gown or expect one you are having made, be sure to be fitted with a Royal Regent or La Vida corset and you will have no reason to complain of your new suit. We have taken three of the most popular lines and described and priced them below.
